Retail Entrepreneurship

Launched in 2020, our Retail Entrepreneurship gives you every detail needed to operate a Retail Store from top to bottom. We took the most important aspects of retailing and business theory and applied them to a practical environment, giving you the tools you need to succeed. Even if you are not the “owner” of your retail store, this course provides incredible insight on what you need to do to THINK like an owner, to understand all the dynamics that come into play when operating a retail store, which ultimately is important for every team member.
